### FUL/27/21/22 District councillor's report

Alan Macro delivered his report (see separate document).

On the proposal for the use of the old school site, Cllr Clifford asked for clarification on how children would be selected for the school: would they be children who have been diagnosed with leaning difficulties or in the process of being diagnosed, or would they be children who do not have a formal diagnosis but have been excluded from other schools due to behaviour problems; and what would be the ratio of the two categories of student—Special Educational Needs and Disabilities (SEND) and complex social, emotional and mental health (SEMH) needs. Alan Macro suggested this be brought up at the consultation meeting on Wednesday 12<sup>th</sup> May.

On the issue of cyclist and pedestrian safety on the M4 footbridge, Cllr Clifford suggested a 'simple' solution such as a dog leg barrier to slow cyclists traversing the bridge, and better visibility. He also warned against any measure appearing to discourage cyclists' use of the bridge and resultant traffic increase on junction 12.

Cllr Hopcroft asked whether there were any plan to slow down traffic at the A4/A340 roundabout. Alan Macro understood there was a plan in progress to improve this.
